This is a heads up for you as that a FOIA request has been submitted by Matt Brown of the Associated Press. Some of you have received previous requests from this reporter in the past. The National Mining Team helped me compile information on mine sites that we submitted to the reporter last year. I will send you the information that we submitted to the reporter previously in a separate email. Please do not start anything until my management and the Office of Public Affairs has a discussion on this request to figure out what we will provide and by when. I will let you know as soon as I know. Thanks!
